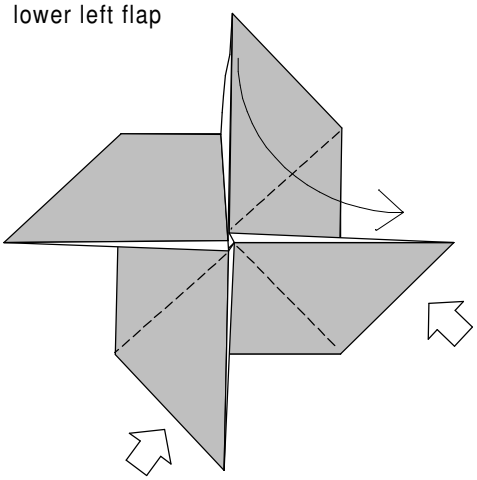
Open House II

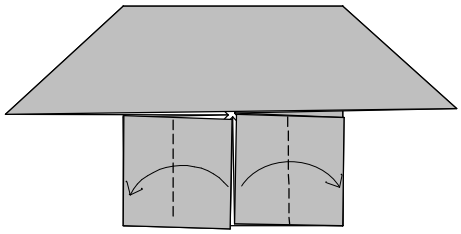
© 1998 Sy Chen

Designed in 7/97 and diagrammed in 8/98;
Another simple windmill based example

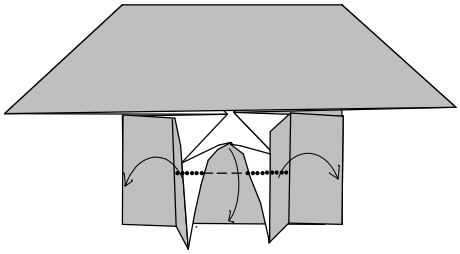
1. Start from windmill base with color side out; Fold top flap right; squash lower right flap and lower left flap



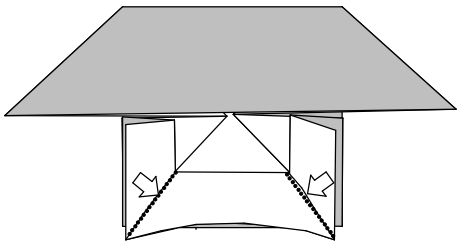
2. Open doors



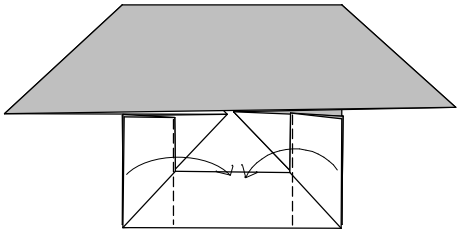
3. In progress; Fold center flap down to the bottom edge

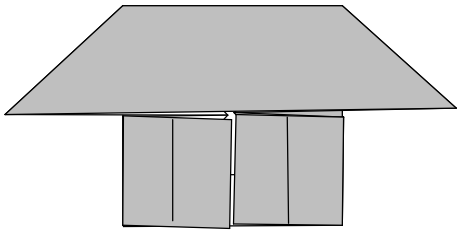


4. In progress; Flatten the doors by pressing the fold



5. Finished model with doors fully opened; Close doors





6. Finished model with doors fully closed; Ready for door open/close
